What do I need to buy? You will need an ESP8266 development board. There are several ESP8266 boards available, usually numbered ESP-01 through ESP-12. Check the pins of the actual board you order with the information from your source as the rapid development of these products has led to confusion and duplication of board identification numbers.

I've never done steroids before, but I'm thinking of giving them a go. I'll probably be using orals since they're safer, plus I'm not exactly ready to wrap tubing around my arm and start poking around for a vein! Anyway, I was wondering how many pills I should take. Thanks! Tom I know, I know, you ...
